

## **Experienced Diamond Driller & Sawyer Operative**

**Location:** Nuclear Site, West Cumbria

**Start Date:** June 2026

**Duration:** Project-based (with potential follow-on works)

We are seeking an experienced Diamond Driller and Sawyer Operative to join a specialist team delivering works on a licensed nuclear site in West Cumbria.

The project will involve the cutting of a reinforced concrete chimney, carried out in a highly controlled, safety-critical environment. This role is suited to operatives who are technically strong, safety-focused, and experienced working to strict procedures.

### **Scope of works**

- Diamond drilling and sawing of reinforced concrete
- Working in accordance with nuclear site rules, permits, and method statements
- Use of controlled techniques to minimise vibration, dust, and noise
- Close liaison with supervisors and safety personnel to ensure safe execution of works

### **Essential requirements**

- Skilled Blue CSCS Card – Diamond Drilling & Sawing
- Proven experience in diamond drilling and sawing on complex or heavy concrete structures
- Previous wire saw experience
- Strong understanding of safe systems of work and method statement compliance
- Ability to work safely in a highly regulated, safety-critical environment
- Good attitude, reliability, and strong safety awareness

### **Desirable**

- Previous experience working on a nuclear, power, or other high-hazard industrial site
- P4 Pass and SC Clearance
- Experience of chimney or vertical structure demolition
- Asbestos awareness (training can be provided if required)
- Familiarity with permit-to-work systems

### **Additional information**

- Works scheduled to commence June 2026
- All operatives must be able to meet nuclear site security clearance and medical requirements

- Good rates of pay

If you are an experienced diamond drilling and sawing operative looking to work on a technically challenging and safety-critical project, we would like to hear from you.
