

Job Title: IRATA Rope Access Technicians (Level 1, 2 & 3)

Project Duration: April 2026 – August 2026

Location: Stallingborough, UK

Overview:

We are currently seeking experienced IRATA Level 1, Level 2, and Level 3 Rope Access Technicians for a project commencing in early April and running through to August. This role involves working on two steel stacks, supporting a range of access, inspection, and maintenance activities.

Scope of Work:

- Assisting with rigging of internal platforms and external cradles
- Supporting UT (Ultrasonic Testing) inspection activities
- Water jetting operations
- Assisting with weld repairs
- Carrying out industrial painting and coating works

Requirements:

- Valid IRATA certification (Level 1, 2, or 3)
- Relevant site experience in industrial environments
- Ability to work as part of a team and follow safety procedures
- Safety Passport or similar

Working Pattern:

- 12 days on, 2 days off shift rotation

Rates of Pay:

- Competitive rates – to be discussed depending on experience and level

How to Apply:

Please submit your CV and relevant certification details to
